## College Officials Race Young Forgery Suspect

"So long suckers!"

These words touched off a foot race at West Texas State College Tuesday that saw the campus security officer and a former All-Border Conference football player pitted against a forgery and hot checking suspect.

Here's how the story goes. Forged checks began showing up at the College Book Store back in October. By this week eight forged and hot checks had been cashed at the store to the tune of \$185. All checks bore similar hand writing.

Tuesday morning Book Store Manager Don Briggs was going over a pile of worthless checks in his office when his secretary, Gayle Bunch, asked if it would be alright to cash a \$20 check for a youngster dressed in a topcoat and looking for all the world like a college freshman.

The check was cashed but Miss Bunch recognized the handwriting as similar to that of the suspect who had harried the store with bogus checks since last fall.

Briggs called authorities. The quest led to Amarillo Air Force Base where the suspect was identified as an airman.

Hardly had Briggs put down the telephone when the same youngster appeared again, this time dressed in cowboy togs. He proffered a \$25 check. Mrs. Grace Thompson, assistant store manager, called Briggs. "Step in my office, I need to talk to you," Briggs told the youth.

He questioned the boy about the check and as to whether he was a college student. The boy said he was a student and denied being an airman. Briggs already had ascertained that the boy was not a student and was an airman stationed at Amarillo Air Force Base.

"I'm going to call the sheriff," Briggs told the youth.

"Why, my daddy knows the sheriff and he's parked right outside," the youth answered. Briggs was less certain and agreed to go with the boy.

He asked Johnny Boone, maintenance superintendent to accompany them. About that time Campus Security Officer Troy Jordan, who had been notified, walked up.

"He's not here now," the boy declared. "See, he's parked down at that Texaco station."

As Briggs and Jordan looked away the boy dodged.

"So long suckers!" he yelled as he fled.

Briggs and Jordan gave chase. Briggs, an All-Border Conference tackle for WT in years gone by, was in hottest pursuit. The chase led to Stafford Hall.

"Help! Stop him!" Briggs was yelling at every step along the way.

The suspect ran up the stairs at Stafford Hall, a men's dormitory. Students emerging stopped and stared open-mouthed, too flabbergasted to give aid.

In the meantime, Security Officer Jordan was waiting in

the hallway downstairs. As the youth raced toward an exit, Jordan tackled him but in doing so hit the wall and injured a hand.

The suspect fell exhausted and refused to stir. It was necessary for Canyon Police Chief L. D. Caldwell and Officer Asa Atchley to carry him bodily away.

When he came around his first request was for a preacher.

The youngster was identified as Jerry Henderson, 17 years old, Amarillo Air Force Base airman. Charges of forgery and passing forged instruments, a felony, were lodged against him.

Police said the youth made a statement to officers in connection with the checks.

## MOD Drive Gets Under Way Here

January 1 marked the beginning of the Randall County March of Dimes Drive for 1963, according to Wayne Wirt, chairman of the drive.

Wirt said March of Dimes coin collection posters have been distributed throughout Canyon in the stores and business places.

He said that in addition to the regular collection materials, there will be a "Coffee Day", January 25 when all the town drug stores, cafes and restaurants donate that day money from coffee sales to the county March of Dimes Drive.

Wirt said there will also be a "Mother's March" some time during January when Canyon women's clubs will conduct a door to door collection campaign for the drive.

Wirt said that in addition to these drives, the program will sponsor a bowling tournament to be held at Canyon Bowl.

He said the campaign will also send out 2500 mail-out brochures for those people that are not contacted by the other drives.

The Canyon Jaycees are in charge of the distribution of

the coin collectors in town stores while others are in charge of various other parts of the drive, according to Wirt.

He said that Bill York, Canyon city manager, has taken over the job of sending out the March of Dimes mailers, while Mike Morris is in charge of the Canyon Bowl bowling tournament.

Richard Pruett of the Village Inn Restaurant, is in charge of the Coffee Day drive, while Mrs. Bob Brotherton is in charge of the Mother's March.

Oscar Hinger is handling the coin collection among students at Canyon Elementary School and Earl Byerley is handling the collections at the high school.

Canyon schools will participate in the drive by having the teachers distribute coin collection cards among the students.

Wirt said that originally the March of Dimes Drive was set up to pay the bills for research in the fight against Polio, but since progress has been made against that disease, the March of Dimes Drive is

(See MOD, Page 3)

## Second Only To Amarillo

# Building Record

Highlight of Canyon construction during 1962 was new building at West Texas State College. A workman, Hans Haerisch, is shown working

with mortar and brick at a corner of one of the new campus buildings.

## Hicks Case Statements Being Kept Under Wraps

Randall County Criminal District Attorney T. C. Hull has under wraps three statements which will play a crucial part in the Dewey Hicks case when it comes to trial.

Hicks, a well known area builder, was indicted Monday by a Randall County grand jury on two counts of murder with malice.

He is charged in the fatal shooting early New Year morn-

ing of Joseph Richard Damron, 73 years old, and his son, Joseph William Damron, 44. Both men were shot at their home at 3316 Kingston Road in South Amarillo's fashionable Olsen Park.

Hull has statements from Hicks' daughter, Mrs. Carol Gilley, Hicks' wife and from Mrs. Joseph Richard Damron, wife of the elder Damron and mother of the younger shooting victim.

Hicks posted \$25,000 bond on each of the two murder charges the latter part of last week. He appeared in the justice court of Judge Bill Wilson.

In the court room at the time were his daughter and his wife. Mrs. Hicks' arm was in a cast and she carried it in a sling.

Mrs. Damron is believed to have been an eyewitness to the shooting. Relatives at first said Mrs. Damron probably would like to tell her story to newsmen and later said there had been a decision against doing so.

Her son-in-law, Rev. Jack Sisemore, said Mrs. Damron was under a doctor's care. Mrs. Sisemore, sister of one of the dead men and daughter of the other, has been near the point of nervous collapse since the shooting.

At the time of the shooting the younger Damron was free on bond after being indicted

last March by a Randall County grand jury on charges of felony theft. A relative said the charge stemmed from a "repossession."

A friend of the younger Damron said Joe operated a "hip pocket" loan company. He loaned money on odds and ends and sometimes made sizeable loans.

"Joe always had money," the friend declared.

Joe Damron worked a night shift with the railroad for a number of years, the friend reported. "It was nothing for him to be up at 2 or 3 o'clock in the morning," he

(See HICKS, Page 3)

## Golden Glove Tourney To Be Held In Canyon

First annual Canyon district Golden Gloves Tournament, sponsored by the Canyon Junior Chamber of Commerce, will be held January 17, 18 and 19 in the new Canyon Junior High School gymnasium.

Starting time for all three nights will be 7:30. Preliminary bouts will be held on the 17th and 18th with the finals on the 19th.

Approximately 150 boxers from six different Panhandle teams are expected to be on hand for the tournament.

Teams invited to participate in the tournament are the host Canyon Boxing Club, Borger Boys Club, Skellytown, Lefors, Levelland, and Pampa Optimist boys clubs.

Trophies will be awarded to each winner and to the runner-up in each weight and class. A team trophy will be awarded in each class with one point going to each boy who wins in his class.

These trophies, along with the special "Fighting Heart Award" (for an individual boxer) are being presented by the Canyon Junior Chamber of Commerce.

Judges for the tournament are to be Dean Webb, Amarillo, a regional referee; Gene Sanderman, Canyon, a regional director representing the Amarillo team, and Calvin Costley,

Building in Canyon approached the \$5 million mark in 1962, second in this part of the state only to Amarillo.

This figure includes \$720,000 worth of construction in the Greater Canyon area--subdivisions and areas just outside the city and almost certain to be annexed soon.

Canyon had almost twice as much construction as third ranking Hereford with \$2,690,805 -- a city which incidentally, set itself a new all-time building high.

Perryton ranks fourth with two and a quarter million dollars worth of building for the year. Percentage-wise, Canyon grew twice as rapidly as did Amarillo last year. Amarillo construction came to \$39 million.

There were 90 new residences built in the Greater Canyon area to bring residential construction for the year to \$1,619,000.

Inside the city limits permits were issued for 77 homes costing \$1,049,331, according to Bill York, city manager.

Although commercial construction inside the city lagged, only \$32,000, construction of the new Trail Motor Hotel just south of the city limits boosted commercial building to a healthy \$282,000 for the year.

Greater Canyon includes Hunsley Hills, Golden Ridge Addition and adjacent area. Plats for these areas already have been approved by city and county government.

One of the highlights of Canyon progress in 1962 was beginning development of the fabulous Hunsley Hills project at the northern edge of town.

Golden Ridge Addition east of the city limits has been platted and approved and building begun there. These additions were well under way at year's end.

Total taxable and non-taxable construction in the Greater Canyon area came to \$4,725,694.

York said construction permits issued during 1962 for building inside the city limits came to \$4,005,694. That's \$2,775,170 above 1961-- a 69 percent increase.

This figure includes some \$2,865,000 in non-taxable building in such areas as West Texas State College, the new Canyon Elementary School and churches in the city.

Included in the non-taxable

construction are five new buildings at the college, one new church, an addition to another church, a new elementary school and improvement of existing school facilities.

Not included in the construction figures released by the city this week was \$118,000 in new street and water and sewer improvement expenditure.

West Texas State College construction includes one new men's dormitory costing \$1,000,000; one new women's dormitory costing \$600,000; one new cafeteria-dining hall combination costing \$400,000 and two new steel buildings costing \$110,158 each, for the physical education department and the maintenance department at the college.

(See BUILDING, Page 3)

## County Records Sought

Randall County Commissioner's Court was told Monday that they "... had to produce an up-to-date Delinquent Tax Record for the Texas Land Office during 1963.

Randall County Tax Collector Bill Money told the commission that the Texas Land Office in Austin had repeatedly asked the county to submit an up-to-date delinquent tax record but that the county had failed to do so.

Money said the Land Office had recently sent a letter to the Randall County Tax Office stating that the county "... had to submit the tax record on the land office would refuse to credit Randall County tax funds.

Money said the Land Office wants the record of delinquent taxes in Randall County for the period between 1919 and 1963.

Judge Appel asked Money what it would take to get the delinquent tax record together. Money replied that other counties usually contracted with a professional firm specializing in delinquent Tax Records to get the job done.

At this point, commissioner Clarence Beckman said, "... (See COUNTY, Page 5)

## Junior Livestock Show Slated This Week End

The sixteenth annual Randall County Junior Livestock Show, the banner agricultural event for 1963, will be unreeled in Canyon this Friday and Saturday.

Before the curtain falls after the big sale Saturday night, more than 125 Randall county boys and girls will have shown their prize livestock in the biggest livestock show in Randall County's history.

The activities will start with the judging of dairy heifers at 1:30 p.m. Friday afternoon. Beef heifer judging will follow at 2:30 p.m. and the horse show will start at 3:30 p.m.

Saturday morning the judging of the fat animals will take place. Swine will be judged at 9 a.m., lambs at 1 p.m., and steer judging will start at 2:30 p.m. The auction sale will get underway at the Livestock Building at 6:30 p.m.

The Randall County Junior Livestock Association, the parent organization behind the show, will have 85 adults working along with the boys and girls to make the show and sale operate smoothly and on schedule. Many of these committees have been working for almost a month to insure financial success of the show.

The real work on the show will get under way on Thursday morning when the show arrangements and grounds committee will be setting up pens, arenas, chairs, scales, etc. In a new building that will be more than full of prize livestock.

Since space will be at a

premium this year the Show Association at a called meeting on Thursday night, Jan. 3, set up stiff sifting rules to raise the standards of the show this year.

All swine, lambs, and steers,

eligible to show and sale will be gone over carefully by a trained committee of disinterested judges to see that high quality animals only will be exhibited.

To be eligible to show and

sell lambs must grade high good or better on slaughter grades. Hogs must grade number 2 or higher and have an estimated yield of 50% or more lean cuts, and steers must show

(See JUNIOR, Page 3)

# Buff Cagers Riding Tide Of Three Wins

BY MIKE MOON  
Riding a tidal wave of three victories, the West Texas State Buffalo basketballers take on the Aggies from New Mexico State University at the WT Field House Saturday night at 8. The game will be preceded by a Freshman-Lubbock Christian College duel at 6. The victorious Buffs, coached by Metz LaFollette, have beaten Northwestern Louisiana State University 85-76, the University of New Mexico 63-58 and Eastern New Mexico University 84-49.

The Buffs meet New Mexico State in one of their unusual "off" years with a less than fifty percent record for the season. The WT five has risen to a 4-8 season mark after dropping five razor-thin decisions. The Freshman game will be the second time this year that the two teams have met. In the first meeting, the Frosh edged past Lubbock Christian 86-85 in overtime on guard Gail Simpson's two-pointer with :02 seconds left to play. The likely starting lineup for

the razzle-dazzle Freshman squad will be Mike Morgan, Marvin Mitchell, Joe McWilliams, Gail Simpson, and David Sheard. The Eastern New Mexico Greyhounds fell to the rebounding Buffs by the overwhelming margin of 35 points, 84-49. The Greyhounds fell to a 5-4 record after exhibiting one of the coldest shooting attacks witnessed in the WT Field House in some time. A good all-around scoring attack was featured by the balanced Buffs as five players

scored in the double figures column. Topping the list was 6-8 post player Frank Schaffer with 19. Following in order were Vernon Welch with 13, Keith Lowe with 12, Steve Slagle had 11, and Scottie Pierce shot 10 points. To round out the scoring, Sonny Blankenship bucketed 7, and Bobby Roland and Jerry McGuire had 6 each. Eastern posed an early threat, or so it seemed, when they led the Buffs by a 4-1 margin before WT cut loose with a tremendous offensive and defensive attack. Pierce hit six of the ensuing eight points and Eastern New Mexico couldn't manage another field goal until the Greyhounds were behind 33-6 thirteen minutes later.

The New Mexico team hit two charity tosses in the meanwhile as WT scored 32 markers. Coach LaFollette interspersed the second team throughout the game. The home team romped to a 40-16 halftime lead. At the half, the freshman football team members donned their horn-laden football helmets and boxing gloves and played a very different style of basketball. At the opening jump, the players proceeded to engage in violent fighting much to the delight of the "blood-thirsty" fans. The gridiron greats of the Freshman class proceeded to play "basketball" with the Red team holding the decisive advantage of four extra players on the court. The Red squad won 6-0 when the game was called "because of excessive scoring." After the halftime melee, the Buffaloes continued their assault on the Red team and ran up a 62-26 lead with 12:30 left. The biggest lead of the game came with 5:32 left when WT prevailed 77-34 for a 43 point spread. Eastern outscored the second team going down the stretch of the second half and pulled to within 35 points. Last Saturday night at the WT Field House, the hot-shooting and great-rebounding Buffaloes edged past the Uni-

versity of New Mexico Lobos 63-58 in the Buffs' biggest upset of the year. The Lobos are the fifth-ranked team in the nation in rebounding and are rated among the top ten in the country in defense.

After taking a 4-2 lead early in the game and holding it until UNM's Skip Kruzich put the Lobos ahead once again 21-20 with 7:41 remaining in the initial half, New Mexico seemed to be headed towards their ninth win in 11 games as they pulled ahead by 13 points after scoring 14 consecutive points while the Buffs went scoreless.

West Texas utilized a fast break and full court press tactics on the defense-minded Lobos and pulled to within nine points 38-29 at the half. The halftime break didn't do the Buffs a whole lot of good as they fell behind 45-35.

At this point however, Schaffer hit four straight points and the rest of the Buffs followed suit. The Lobos' Mike Lucero had different ideas as he pulled his team ahead 54-44. Schaffer got even hotter and came up with six more straight and the Buffs held a narrow 55-54 lead in the waning minutes of the game.

Pierce and Blankenship scored four more and WT prevailed 59-56. Lucero of UNM hit another bucket and the Buffs went into a very successful stall. The players would stick the ball behind them between their legs and New Mexico couldn't get at it without fouling.

## Jerry Logan Inks Contract With Baltimore

Jerry Logan, West Texas State's versatile halfback, opened his professional football career with two points and \$800 in the Annual North-South Senior Bowl All-Star game played at Mobile, Alabama. Logan was a defensive standout for the South senior college stars who won the game 33-26 after holding off a tremendous fourth-quarter surge by the North, led by Detroit University's Jerry Gross. The North had a first down on the South four yard marker and failed to put the winning score across. The North contingent (See JERRY, Page 7)

## Eagles Trounce Mules In Cage Contest There

Canyon Eagles wined the Muleshoe Mules to the tally of 68 to 58 Saturday night there. The Eagles had a 16 point lead at the half time and stayed ahead of the mules the rest of the game.

Score by quarters was 20 to 10, 41 to 25, 54 to 41 and the final 68 to 58--Canyon Eagles all the way.

The Lobos' Joe McKay and Lucero committed last-ditch fouls in an effort to get the ball. Last second accuracy by the Buffs iced the game while Lowe also hit a lay-up. Coach LaFollette used the stall tactics he used while coaching at Seminole High School. Little Blankenship led the Buffs scoring with 18 while Pierce followed with 17 and Schaffer with 16.

Eagles coach Allen Simpson said his boys did well from the first. "It was the best first half we've played all year," he said.

Steve Burgess, Eagles junior forward, was high scorer for the Canyon team with 22 points on the scoreboard against the Mules.

Second high scorer was Bob Begert with 16 points to his team's credit. Begert is a senior center.

Harry Lisle had 12 points and Don Breitling and Bobby Evans each had 8 points.

The Eagles didn't fare so well Tuesday night against the Phillips Blackhawks. The hawks won that contest by 5 points with the final score at 50 to 45.

Simpson said the Phillips game wasn't very close from

the Eagles viewpoint. "They led us by 13 points at the end of the third quarter when the score was 41 to 28, their favor," he said.

Begert scored high for the Eagles in this game with 14 of the 45 Eagle points. Breitling had 9 and Poole and Evans each had 8 points.

Simpson said that he thought it was the worst game the Eagles had played all year, but that even so they nearly pulled it out of the fire in the last few minutes of the game.

Sonny Blankenship (24) WT varsity player goes after the ball in the game with the University of New Mexico. In there to contest him are Joe McKay (15) and Ira Harge (45) of the Lobo team.

## Unsell Rites Held Recently

Funeral services for I. C. Unsell, 76 years old, Panhandle pioneer, were held recently at LaGrone Funeral Chapel.

Officiating was Dr. Strauss Atkinson, pastor of Canyon First Baptist Church, assisted by Rev. Walter Davis, Baptist

I. C. UNSSELL

minister at Groom, and Rev. Merle Weathers. Pallbearers were Max Wade, Madison Fields, Charlie Fields, Oris Helm, C. O. Nimmo, Billy Cornett, C.

**Dr. Waldo E. Houghton**  
OPTOMETRIST

802-3-4 Barfield Building  
Amarillo, Texas  
Phone DR 2-7332

L. Culver and Rev. L. E. Godwin.

Burial was in Dreamland Cemetery.

Mr. Unsell died at the home of a daughter, Mrs. Marshall Rockwell, Jr.

He moved to Canyon from Groom in 1956. He had lived in Groom from 1908 until he came to Canyon. Mrs. Unsell died in 1960.

Mr. Unsell was born April 4, 1886, in Neosho County, Kan. He was a member of the Baptist Church.

Mr. Unsell was Chevrolet dealer in Groom for 29 years. He was a business man in Groom from 1908 until 1956. He was mayor of Groom from 1947 to 1953.

Survivors, other than Mrs. Rockwell, include two other daughters, Mrs. Jack Downing, Canyon, and Mrs. Iris Daray, Amarillo; and three grandchildren, Scott Downing, Gail Ann Downing and Marsha Rockwell.

## MOD. . .

(Continued From Page 1)

being used to finance research on other diseases.

He said that money from the March of Dimes Drive helps pay for continued research on such human ailments as birth defects, arthritis and the support of the Salk Institute which does basic research in nearly all communicable diseases.

Literature given out by the March of Dimes program states that 58% of the monies collected go towards its medical care program, 13% for fund raising drives, 11% goes for basic research, 8% towards public education, 5% for administration and another 5% for community services.

## Building. . .

(Continued From Page 1)

Construction at the college alone amounts to a whopping big \$2,220,216.

In addition to these buildings within the city limits and thus included in the city construction permits, is the new livestock judging pavillion recently constructed on the college farm north of Canyon.

A large steel building to be used for livestock judging work and contests, it cost \$15,000. This building plus other improvements and additions to the farm will make it the showplace of college farms in West Texas.

Second in importance, construction-wise, in the Canyon construction boom, are the additions and expansions to the elementary and junior high school. The elementary school is receiving a spanking new classroom addition which will accommodate 600 additional student spaces and also expanded cafeteria facilities to handle the lunches for the additional students. At present some elementary students are being schooled and fed at the junior high school.

The junior high school cafeteria is being replaced and renovated. It will receive a new wing and added facilities to handle increased amounts of school children. The tab for these additions and expansions will come to \$593,769.

Canyon churches are getting their share of the construction also. The 1st Methodist Church on 4th Avenue is getting a \$36,000 addition and the Southside Baptist Church is under construction at a \$15,000 cost. The largest single factor in taxable construction is the steadily increasing boom in residential units. Although 1962 residential permits exceeded 1961 residential permits by only 4 permits (73 permits in 1961 and 77 permits in 1962), those additional 4 permits brought the residential construction total above the million dollar mark.

The 1962 residential construction total of \$1,049,331 was more than \$115,000 over the \$933,700 total set in 1961. One new apartment building, the Villa Chateau accounted for more than \$80,000 of that increase.

## Hicks. . .

(Continued From Page 1)

asserted.

The senior Damron was known in his community as a devout member of Olsen Park Baptist Church, where his son-in-law is pastor. He was a retired railroadman.

Judge Gene Jordan said the Hicks case probably will not come to trial before April. "If it's tried then, that will be a speedy trial," the judge declared.

District Attorney Hull has not indicated to what extent he will go in asking for penalty, when and if the case comes to a jury. However, the murder with malice indictment leaves the district attorney free to ask for any punishment up to and including death.

Foreman of the grand jury which returned the indictments against Hicks is Donald Mason, 3205 Harmony, Amarillo.

Other members are Don Standley, 2409 9th Ave., Canyon; Kenneth F. Erwin, Rt. 2, Amarillo; T. H. Brasher, 2418 12th Ave., Canyon; D. K. McGee, Rt. 1, Happy; H. A. Simon, Rt. 2, Amarillo; T. E. Dawkins, 2810 Bonham, Amarillo; Jack Malone, 4223 Mesa Circle, Amarillo; Edward J. Wiek, Rt. 1 Canyon; M. L. Sherrod, 2501 11th Ave. Canyon; Joe Snead, 4908 Randolph, Amarillo, and Fred H. Cariker, 2329 Juniper, Amarillo.

## Junior. . .

(Continued From Page 1)

finish, training, grooming, and quality to a desirable degree to stay in the show.

All exhibitors will receive ribbons. An estimated eight hundred dollars in prize money will be paid in addition to the other awards. All exhibitors will receive a ribbon and a share of the prize money.

The Randall County Farm Bureau is putting up valuable awards for the best showmanship job done by exhibitors of fat animals.

The auction sale at the conclusion of the show will be the highlight of the two-day event. Last year more than sixteen thousand dollars was bid on the prize animals.

Buyers who bid at the show this year will be guaranteed a floor price for the animals they bid on by the Randall County Junior Livestock Association.

The association will guarantee the buyers this floor price if they wish to send the animals to market. In this case only the difference between floor price and bid price will be charged to the purchaser.

Some buyers prefer to have the animals slaughtered for home freezers in which case the full price is paid and arrangements for doing this will be made by the Association.

The top end of the classes will probably show in larger shows such as Amarillo. In this case the buyer who bids on these animals will only pay the difference if any, between final disposal price and bid price. In no case will the buyer be guaranteed less than announced floor price for final settlement.

During the show and sale a food booth in the livestock building will be operated by the 4-H adult women leaders and their committees. Mrs. Ray Metcalf and Mrs. Lewis Tuckey will head up this work. A full menu of snacks, deserts, and beverages will be offered for sale by these leaders.

T. A. Black, Chairman of the finance and membership committee reports that ample membership cards remain unsold. This \$5.00 membership fee is used to defray costs of the show and sale. He asks that people not contacted for a membership see him or members of his committee. The cost of this year's show will be larger because of the large number of exhibitors.

At this year's show the focus of attention will be on the prize animals. Yet the real crop on display will be the well-mannered hard-working boys

## Rites Set Today For Mrs. Brown

Mrs. Ralph (Rosie Bea) Brown, 62, died Tuesday in her residence at 1710 14th Avenue.

Mrs. Brown, a widow, has been a resident of Canyon since 1925 when she moved here from Alabama.

Born April 13, 1900, Mrs. Brown was originally from Jacksonville County, Tennessee.

Mrs. Brown attended the Church of God in Canyon.

Survivors are three sisters, Mrs. B. A. Moore and Mrs. Virgil Risner, both of Canyon and Mrs. Elvis Florence of

## Two Cases Are Filed

Two cases were filed in Judge Wayland Angel's county court during the past week.

Joe Ortega, Jr., Canyon, was charged with driving while intoxicated. He is free on \$1,000 bond.

Ernest Merrill Criddle, was fined \$25 and required to make restitution after being charged with misdemeanor theft.

The offense is alleged to have occurred Dec. 8 of last year. Filing the complaint was Joe Gill.

An outstanding speaker has been engaged for the annual Chamber of Commerce banquet which will be held Jan. 17. He is Charles W. Jarvis, a San Marcos dentist.

and girls in Randall County.

This show and sale provides them with an excellent opportunity to show to the public the fruits of many months hard labor and loving care.

Many of the adult committee-men on this year's rolls were a few years ago keen competitors in this same show.

The City of Canyon, the business interests of this entire area, and the farm and ranch interests combine at this time to support this 1963 banner attraction

## News, Features For The Women

MISS GAYLE ROGERS

## Gayle Rogers Will Marry Mr. Childers In Febuary

Mr. and Mrs. Carl F. Rogers of Canyon announce the engagement and approaching marriage of their daughter, Gayle, to David Childers, son of Mr.

and Mrs. Willard V. Childers of Slaton.

Wedding vows will be exchanged in February in the Joseph A. Hill Memorial Chapel.

## Variety Ring Has Meeting

The Variety Ring met January 6 with Mrs. Mae Johnson. Officers elected for the year are: President, Mrs. Johnson; Vice-president, Mrs. Levi Cole; Secretary-treasurer, Mrs. K. E. Hines; Reporter, Mrs. Estelle Rice.

The afternoon was spent in discussion and needlework.

Refreshments were served to Mesdames George Barker, Fred Marshall, Daisy Neal, Levi Cole, P. L. Pitt, Lang

## Sue Hite To Meet

The Sue Hite Club will meet in the Panhandle Plains Museum on Monday, January 14. Mrs. Billy Willingham and Mrs. Hatcher Brown will be in charge of a program on "Famous Panhandle Ranches."

Hostesses will be Mrs. Levi Cole and Mrs. Sidney Burgess.

## Meeting Planned

### For Senior Citizens

The Senior Citizens Club will meet on Friday, January 11 at 7:30 in Fellowship Hall of the First Methodist Church. All Senior Citizens are invited to attend.

## Prichards Host New Year's Eve

Mr. and Mrs. Harold Prichard entertained on New Year's Eve with a card and "42" party. Guests were served coffee and cakes along with party dips and cake.

Present were Mr. and Mrs. Bill Knighton, Mr. and Mrs. Don Briggs, Mr. and Mrs. Gene McGlasson, Mrs. Billy Brown, Mr. and Mrs. M. L. Sherrod, Bob Hardy and Marvin Fite.

## Garden Club To Meet

The Canyon Garden Club will meet Thursday, January 10, at 7:30 p.m. in the home of Mr. and Mrs. E. K. Snider, 2511 Eleventh Avenue. An election of officers will follow a program given by Mrs. Mary Bonnie entitled, "Its For The Birds."

## Faulks Hosts At New Year

Mr. and Mrs. James Faulk were hosts on New Year's Eve at a party attended by guests from Amarillo and Canyon. Seasonal decorations were carried out with confetti-filled balloons strung from the ceiling with streamers. The table was decorated with the white cloth centered by a clock whose hands

## Church Honors Women

First Christian Church will observe Woman's Day Sunday, January 13, at morning worship.

Mrs. Cecil Bever, wife of the minister of the Stratford Christian Church, will be the guest speaker. Her subject will be "God's Power Redeems the World."

by Jean Harper

## Around The Town

You have all been just great to share your news of Christmas activities with us so we can share it with others. Many thanks!

Today we have the story, complete with pictures, of a different Christmas holiday. Three Canyon families and one family from Amarillo, decided to spend the vacation doing something in which all members of the family could participate, and which they all enjoyed. Skiing at Red River was the answer. Ceil and Bob Bellah, Bobbie, Craig, Mike and DeLynne, and Joyce and Jay Wooten, and Ronnie, left Christmas Eve with two cars and a trailer loaded with gifts.

En route to the cabin owned by the Bill Hunters from Amarillo and the Bellahs, they stopped at the Ranger Station near Questa and obtained permission to cut a Christmas tree to take on to the cabin. After selecting the tree, the women went on ahead and left the men to cut the tree and load it on the trailer. Hours passed before the men appeared tired and breathless from pushing much of the way as the car and trailer would slip and slide on the snow and ice.

Christmas, after opening their gifts, the younger group, who had nearly all received new ski clothes, doffed their new duds, and went to romp on the hill in back of the cabin. Without exception, each tore at least one rip in the new clothes, which had to be mended with the only available thread, which was red.

The day after Christmas, Frankie and Jack Swartzell, Jack, Mike and Susan, and the Bill Hunters and twin daughters,

The School of Outreach will hold its second session Sunday night at 6, with study classes for the different age groups. The regular worship will be in the sanctuary at 7 p.m.

Mrs. C. C. Reed of Amarillo, a retired school teacher, will

be guest speaker for the evening services. Mrs. Reed has toured mission stations in Japan, Alaska, Korea, Okinawa, Taiwan, Hong Kong, and Hawaii. She will show pictures of some of these missions.

The public is invited to both services.

## Hay-Buchanan Marry In November Rites

Mr. and Mrs. G. A. Hay of Hollis, Oklahoma, announce the marriage of their daughter, Twyla, to Bruce D. Buchanan of Canyon, son of Mr. and Mrs. C. L. Buchanan also of Canyon.

The couple exchanged wedding vows in the home of the Rev. Jack Sizemore on November 30.

Mrs. Buchanan is a graduate of Hollis High School Class of 1958. She attended Southwestern State College from 1958 until 1961 when she moved to

Amarillo where she has been employed with the Amarillo Credit Company.

Mr. Buchanan graduated from Canyon High School and attended West Texas State College until he entered the Navy. Receiving his discharge in March of 1962, he was employed by the American National Insurance Company in Amarillo.

Mr. and Mrs. Buchanan are at home at 1619 Polk Street in Amarillo.

## BIRTHS

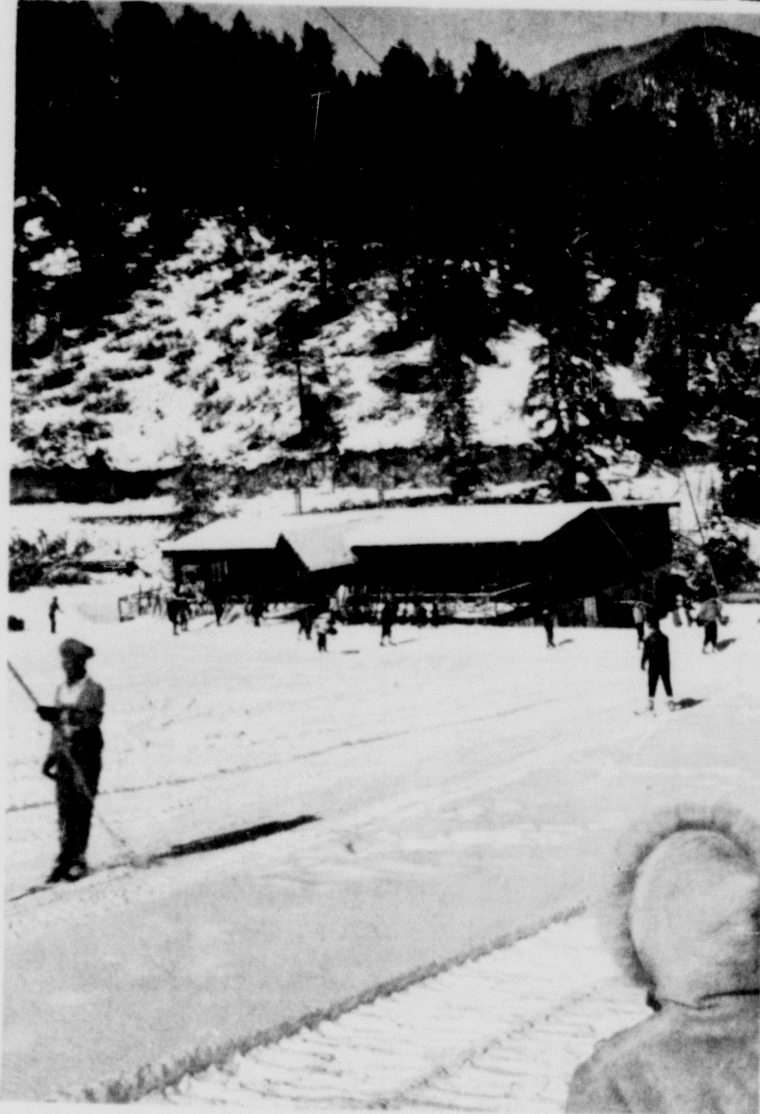

Sgt. 1/c William T. and Mrs. Johnson, of Canyon, are the

parents of a baby girl born January 5, 1963.

Mr. and Mrs. Jay W. Skelton, of Canyon, are the parents of a baby girl born January 8, 1963.

Mr. and Mrs. Golden Currie of Canyon, are the parents of a baby girl born January 8, 1963.

Pictured is the Lodge at Red River where the group from Canyon and Amarillo spent their Christmas holidays. (See Around The Town)

Ronnie Wooten and Mike Bellah prepare to descend the steep hill in back of the cabin on a sled. (See Around The Town)

Ceil and Bob Bellah are pictured in front of the Lodge at Red River preparing for their first day on the slopes. (See Around The Town)

Seated before a Christmas tree they cut and decorated with strings of popcorn and cranberries, are Jay Wooten and Ceil Bellah opening packages on Christmas morning. (See Around The Town)

In the kitchen of the cabin owned by the Bellahs and Hunters, are Jack Swartzell, Frankie Swartzell, Ceil Bellah, Sunny Hunter and Joyce Wooten. (See Around The Town)

## Graduation Dance Set

The Canyon Capers Square Dance Club met Monday night at 8 in the Student Union Building of West Texas State College for their weekly meeting.

Woody Turley of Fritch was guest caller. Twelve guests and twenty-four members were present.

Graduation will be held for the dance class at next week's meeting.

## Junior Woman's Club To Paint

The Junior Woman's Book Club will meet in the Lounge of the Fine Art Building at 1:45 p.m. on Friday, January 11. Following a short business meeting, Dr. Emilio Caballero of the Art Department of W. T. will give a demonstration on painting with all club members participating. Mrs. Troy Martin is in charge of the program.

Hostesses will be Mrs. Doris Moore and Mrs. Margaret Reid,

cousin, Denny Mitchell of Albuquerque; Mr. and Mrs. Bill Pfeiffer, and Mike, of Borger; and Mr. and Mrs. Hubert Pond of Harrison, Ark. Other visitors during the holidays were Mr. and Mrs. Clarence Hager of Silom Springs, Arkansas, Mr. and Mrs. J. R. Bonds, and Mr. and Mrs. Mark Askew and Cindy.

Mr. and Mrs. J. A. Crowdon of Sacramento, Calif., spent the holidays with her mother, Mrs. Nina White and with the Ralph Cabe family.

Nettie Mae and Walter Graham had a real family Christmas with all four daughters, their husbands and grandchildren around the Christmas dinner table. Mabel Packer, Anna Beth and David came from California on the 17th; Betty Jean Osborn and infant son Stephen flew in from Chicago on the 20th. Her husband, Dr. W. M. Osborn, who has finished his orthopedic specialty in Chicago, drove in on the 22nd.

On Sunday, the twenty-third, Dr. Packer, who is at the University of Southern California at Berkeley flew in from there, followed in ninety minutes on

a plane by daughter Billy, husband M. Lewis and infant daughter Pamela from Bridgeport, Conn.

Daughter Bobbie Henson and her husband Nolon, and children, who had been in Oklahoma City visiting his mother until Christmas Eve, returned to complete the family gathering.

The Osborns left the day after Christmas to go on to Dallas to find a place to live as they will be there for the next four years at least while he is associated with Southwestern Orthopedic Surgery. The rest will left by January 2nd, with life back to normal at the Graham ranch.

Mr. and Mrs. C. P. Martin visited their daughter, Mrs. J. W. Horton, during the holidays.

Susan and Jack Bullock and children, Bob, Cindy and Cathy went to visit Susan's parents Mr. and Mrs. George Abbott in Norma, Okla. and onto Oklahoma City to visit Jack's parents, Mr. and Mrs. Earl Dickerson.

With clubs and organizations settling down to their normal routines, remember to let us know. See you next week.

### Heritage Meeting Is Sunday

Annual meeting of the Texas Panhandle Heritage Foundation will be held Sunday at 2 p.m. in the Intimate Theater at West Texas State College.

Main feature of this meeting will be a reading of parts of the introduction to the drama which will be presented in the amphitheater in Palo Duro Canyon.

The symphonic drama will portray the history of the Panhandle with "music, colorful movement, and pageantry," and is being written by Paul Green of Chapel Hill, North Carolina, a Pulitzer prize winning playwright.

This man is famous for other symphonic dramas of this kind depicting the histories and heritage of different parts of the country. His most famous works are "Lost Colony," the story of the first English settlers on Roanoke Island which mysteriously disappeared; "The Common Glory," a dramatization of Thomas Jefferson's struggle for democracy; and "The Stephen Foster Story."

Reading of the script Sunday will be the first opportunity for the people of the Panhandle area to hear Green's work. William Moore, in charge of drama at West Texas State College, will be in charge of the presentation.

The meeting will be open to

the public. Afterwards, transportation will be provided for all interested persons present at the meeting to go out to Palo Duro Canyon and inspect the amphitheater.

### Man Injured In Accident

A one-car accident Sunday night, six miles south of Canyon on U. S. 87 placed Clarence Wendell, 1601 N. Weatherford, Midland, in Neblett Hospital with head lacerations and a reported broken hip.

Investigating highway patrolman, Bob Rivers, said the injured man reported that he was blinded by another car's oncoming bright headlights, and that while attempting to blink his own lights, lost control of his car, which flipped. Rivers said the car was a total loss.

Wendell's condition Wednesday was listed as good at Neblett Hospital where he was taken following the crash.

### Inspect Theatre Thursday

Building Committee of the Texas Panhandle Heritage Foundation will inspect the Palo Duro Canyon Amphitheater today at 4:30 p.m. by request of the contractor, the Ramey Company of Amarillo.

Five sections of the theater are now complete—the approach, the wall which will later carry the principal decoration of the theater entrance, a huge map of the Texas Panhandle marked with historical sites and brands which will be designated by historians; the back wall of the theater; the seating area; and the paving for the stage area.

Funds now coming in to the Foundation will be used to construct the production part of the theater—dressing rooms, light towers, and other backstage facilities.

Although not completely finished, the amphitheater as it is now can be used for church

services and any other daytime activities. As the light towers have not been erected, no activities can be held after dark. Chairman of the committee which will inspect the theater is R. C. Neeley, Jr., of Amarillo. Other members of the committee are Jack Little and B. R. Barfield, Amarillo, and Dr. Crannell Tolliver and Raymond Raillard, Canyon.

## The Canyon News

The Canyon News, founded in 1896, is an independent newspaper dedicated to the best interests of the community, state and nation.

A subscription is \$4.00 a year in Randall County and \$5.00 a year elsewhere.

The Canyon News is published weekly at its offices, 412 15th Street, Canyon, Texas. Second class postage is paid in Canyon.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of this newspaper will be corrected upon being brought to the attention of the editor.

The Canyon News is a member of the Panhandle Press Association, Texas Press Association and National Editorial Association.

PUBLISHER ..... TROY F. MARTIN

NITA THOMAS

This little lady, shown with her mother, is the first baby born in Randall County in 1963. She is Shari Lynn Johnson, daughter of Sergeant and Mrs. William Johnson. Her father is an instructor with the ROTC unit at West Texas State. The little Miss arrived at 5:14

o'clock the morning of Jan. 5. The paternal grandfather is Jimmy Johnson of Starks, La., and the maternal grandfather is Ernest Wyrick of Knoxville, Tenn. The Johnsons have five other children.

### Power Unit Is Missing

Buddy Hoskins, Palo Duro Canyon State Park manager, reported stolen as of Saturday of last week a portable auxiliary power unit for the park's two-way radio system.

Hoskins reported to Randall County sheriff's office that the auxiliary power unit was stolen some time prior to January 5, when he tried to find the unit

for inventory purposes.

Hoskins estimated the value of the unit at approximately \$50.00.

### Pack Meet Set Monday

Cub Scout Pack 31 will have its pack meeting Monday, January 14 at 7:30 p.m. at the Canyon First Baptist Church.

Boys who would like to join pack 31 and who are 8 years or older are asked to come accompanied by their parents.

### County.

(Continued from page 1)

We shouldn't let our records get that old," but then added that he thought the county had recently up-dated its tax records.

Money then asked Commissioner Beckman if the county had ever made a delinquent tax record like the Land Office requested. Beckman said, "Yes, we have."

Money then said that if the county had ever brought its tax records up-to-date, that it didn't send out any delinquent tax notices as a result.

The commission declined to delinquent tax records.

In other business, the commissioners postponed action on a request by the Randall County Veterans Service Office requesting by the Randall County a \$25 raise in salary for secretarial help.

During a short discussion on county employee salaries,

Lynda Troth poses with the new March of Dimes Drive posters in the Canyon Drug. The Canyon March of Dimes Drive will feature a "Coffee Day" when all the town drug stores, cafes and restaurants will donate money from that day's coffee sales to the Canyon March of Dimes Drive.

county Judge Angel introduced to the commission a Moore County survey on salaries of employees of Panhandle counties. Judge Angel said he thought Randall County was probably the 3rd largest county in the Panhandle.

Commissioner Beckman looked at the survey and said, "Just roughly looking this over, it appears we (Randall County) are pretty well in line with

these other counties."

No action was taken concerning review of Randall County employee salaries and personnel policies.

The commission heard a report from a representative of the Texas Highway Department concerning a natural gas pipeline that crosses under Farm to Market Highway 2219, in Randall County.

The representative said the pipeline would have to be jacketed in concrete to meet Texas Highway Department safety specifications. He said that he merely wanted to acquaint the commission of the requirement.

No action was taken on the situation.

The commission agreed to pay out relief funds for several destitute persons in Randall County. The commission also briefly discussed the standing county policy for handling county relief funds.

Judge Angel asked the commission to consider the possibility of hiring a temporary assistant to the county criminal district attorney to handle that office's minor cases when the district attorney is tied up in extended court session.

The commission took no action.

A. W. Lair, out-going Randall County Criminal District Attorney told the commission that as the out-going Randall County attorney he had pending several property condemnation suits for Randall County. He asked the Court if they wished him to continue on the suits until they were settled or did they want him to turn the records over to the new Criminal District Attorney, Truitt Hall.

The commissioners decided that since Lair had been working on the suits and was familiar with them that he should finish them.

# Kimbrough Selected For Panhandle Hall Of Fame

Frank Kimbrough, West Texas State Athletic Director, has been chosen as the fifth member of the Panhandle Sports Hall of Fame.

Kimbrough has traveled a long victorious road of college athletics since 1927 when he became head football coach at Wayland. Before that, the WT administrator was an all-around athlete at Haskell High School and Simmons which is now Hardin-Simmons.

The former medical student at Texas University will be installed into the Y's Mens Club-sponsored hall of fame Jan. 27, 2:30 p.m. at the Amarillo YMCA. No charge for admission will be made and there won't be a banquet with the installation ceremonies.

"I decided to coach for awhile," recalled the 58-year-old Kimbrough. "I liked to so well that I've decided to continue. I've never been sorry."

Kimbrough's stay at Wayland was through 1931 when he moved the head coach position at Plainview High School in 1932. Still moving, Frank took over as head football coach at Amarillo Junior College where his Badgers won the state championships in 1933 and 1934. Those were the first state grid crowns ever captured by teams from this section.

Then he moved on to Hardin-

Simmons where he experienced a brilliant six-year stay. Kimbrough's Cowboys won 47, lost 8, and tied 3 during the six years. Hardin-Simmons University experienced its first and only up till now undefeated season under Kimbrough.

In 1941, Frank moved to Baylor University for a four-year stay which was interrupted by a two-year hitch in the armed forces. His years at Baylor were in 1941 and 1942, and then 1945 and 1946.

In 1941, his Baylor Bears knocked the University of Texas out of the nation's No. 1 spot with a 7-7 tie. That game was voted by sports writers the biggest upset in Texas during the first 50 years of this 20th century.

With success following him wherever he went, Kimbrough took the helm at West Texas State in 1947 and tutored the Buffaloes for 11 long seasons. His gridders won the Border Conference in 1950 and whip-

ped Cincinnati in the Sun Bowl by one point.

Since 1957, Kimbrough has been athletic director at WT and was recently elected to the Helms Foundation Hall of Fame.

The other members of the Hall of Fame are Joe Fortenberry, West Texas State All-America basketball player and captain of the Olympic team; Blair Cherry, Amarillo high school football coach; Bob Seeds, major league baseball player; and Cal Farley, wrestling champion.

Coaches and athletes of the year will also be honored with Jerry Logan garnering the athlete of the year's laurels in football--the only representative from West Texas State. The all-around coach and athlete of the year from all sports will be announced at the installation where the most courageous athlete, the Henry Dee Memorial Award, will be installed also.

## Jerry . . .

(Continued from page 2)

was behind 33-6 early in the second half.

Logan, the nation's leading scorer with 110 points, played defensive left quarterback for the South defensive squad. Logan also played safety, punter, and kicked the extra points.

The announcers of the nationally-televised game continually commented on Logan's fine defensive play while the WT senior collected six tackles and five assists. While playing safety Logan had one punt return for no yardage as the punt was well covered.

Logan's big play was a first quarter interception of one of

Gross' aerials which led to the South's first score. The Graham Gridders kicked two of four extra points and had one blocked. Figuring Logan's salary per point, he would have received a pay of \$400 a point.

Logan's other accomplishment was punting three times for 97 yards. The game was sponsored by the pro teams and the South team was coached by Weeb Ewbank, coach of the Baltimore Colts--the team that recently signed Logan to a pro football contract as a defensive player.

## Jordan Hears Guilty Pleas

Two guilty pleas were heard in the district court of Judge Gene Jordan Monday.

Chester Woodrow Welch, Amarillo, first was indicted Monday by a Randall County grand jury on a charge of felony driving while intoxicated and then entered a plea of guilty in district court.

He was put on two-year probation.

Ralph C. Henke, Riverside, Cal., entered a plea of guilty to forgery charges. Judgement was withheld pending investigation of his eligibility for probation.

ADVERTISEMENT FOR BIDS CONTRACTORS' NOTICE OF TEXAS HIGHWAY CONSTRUCTION.

Sealed proposals for constructing 0.908 miles of grading, base, curb and gutter, and asphaltic concrete pavement. Located at New District Headquarters Site in Amarillo on District Grounds, covered by MC-4-R-8 & MC-4-T-8 in Randall County, will be received at the Highway Department, Austin, until 9:00 A. M., January 26, 1963, and then publicly opened and read.

Plans and specifications including minimum wage rates as provided by Law are available at the office of Clyde Israel, Resident Engineer, Amarillo Texas, and Texas Highway Department, Austin. Usual rights reserved.

WE would like to thank the many friends and neighbors who were so kind during the recent illness and death of Mrs. C. E. Shero. The Shero Family

The Commissioner's Court of Randall County authorizes the advertisement for bids for the following:

Four L-Unit desk, textolite tops consisting of 60 X 30 desk with three box drawers located in left side; with center drawer; 45 X 18 L-return, 26" height on 3 desk, and 29" height on 1 desk. Textolite top, to right of desk with pedestal under L-Unit. Modesty panel for both desk and L-Unit. Similar to All-Steel Equipment Group 2. Prices should include delivery and installation. Color and drawer arrangement in L-Unit pedestal to be decided when line is selected. Further information may be obtained by contacting T. H. Lair, County Clerk, Randall County Courthouse.

Bids will be received until Monday, January 14, 1963, at 2:00 P. M. at which time they will be opened and read before the Commissioners' Court. The Commissioners' Court reserves the right to reject any or all bids.

E. T. Cummings  
County Auditor  
2tc39

# Logan Gets Pro Career Off To Good Beginning

Jerry Logan, the versatile Graham Greyhound of the West Texas State Buffaloes' Sun Bowl championship team, has had good things happen to him all season and now the Baltimore Colts have signed the young athlete to a professional football contract.

The announcement came shortly after the playing of the Sun Bowl at El Paso in which the Buffaloes triumphed 15-14. Logan played in the Senior Bowl in the same capacity as he will play for the Colts, twice National Football League titleholders in recent years.

Logan won the 1962 season's scoring laurels with 110 points and drew a great deal of national attention in doing it with at least weekly publicity throughout the season from coast to coast. The WT senior tallied 13 touchdowns, booted 28 of 35 conversions, and scored on a pair of two-pointers for his top total.

West Texas head football coach, Joe Kerbel had this to say of Logan's being signed, "Logan certainly has a great future in pro football or anything else he undertakes. He will be of great value to any team because he is a fine receiver, a great punter, and a

fine defensive back."

"Jerry is not only a great athlete," Kerbel added, "but he is also a fine young man of the highest moral character. He will be a credit to any team."

Not only did Logan gain honor and national mention as the leading scorer, but he was also selected to the Williamson Rating System All-American team and to the Senior Bowl which featured the nation's best senior gridders who played in their first pro game.

Logan has been termed the best all-around player ever at West Texas State and was highly sought after by teams in both pro leagues. The Oakland Raiders picked Logan in their ninth round of drafting and the Colts selected him in their fourth round. The NFL was Graham senior's choice and he signed with Baltimore.

He carried the ball 83 times and covered 389 yards for a 4.7 yard average. He completed 11 of 16 passes for two touchdowns and 230 yards while snagging 13 aerials for three more scores and 184 yards.

As a punter, Logan got off 35 kicks for an average of 36.8 yards each. During the Sun Bowl, Logan stood on his own

30 yard line and dropped a punt in the end zone of Ohio--a 70 yard boot! He also got off a kick of better than 50 yards. After the final season's statistics were released, West Texas was second in the nation in pass defense with 24 pass interceptions and interception return yardage with 529 yards. Logan was third in the nation in the latter department with six thefts for a 168 yard total.

## Canyon Boxing Team Wins

Canyon Boxing Club won six out of eight scheduled bouts during the preliminaries in the Pampa Regional PeeWee Boxing tournament January 3 and 4.

The Canyon team, however, only won one of five events during finals, when Kyle Sunderman of Canyon won a decision over Mike Atchley of Lefors.

Results of the January 3rd preliminaries were:

50 lbs--David White, Lefors, decision over Brad Hollingsworth, Canyon.

55 lbs--Dwight Warren, Canyon, decision over Gregg Dunham, Pampa.

55 lbs--Bruce Thomas, Canyon, decision over Nathan Sargent, Stinnet.

60 lbs--Mike Clement, Canyon, decision over Robert Lockson, Liberal.

60 lbs--Gary Simms, Lefors, decision over Johnny Ray Cameron, Canyon.

65 lbs--Kyle Sunderman, Canyon, technical knock-out over Larry Mercer, Skellytown, 15 seconds of the 1st round.

65 lbs--Kyle Sunderman, Canyon, decision over Norman Sargent, Stinnet.

70 lbs--Howard Wayne Clement, Canyon, decision over Gordan White, Liberal.

Results of January 4th finals were:

55 lbs--Gary Sims, Lefors, decision over Dwight Warren, Canyon.

55 lbs--Ernie Fanning, Borger, decision over Bruce Thomas, Canyon.

## NORTH RANDALL NEWS

Mr. and Mrs. Herman Carruth and Randy went to visit her parents, Mr. and Mrs. O. E. Coats in Morton, Texas, recently. They were gone a little over a week and enjoyed every minute of it.

Sympathy is extended to Mrs. Ella Rainey on the death of her nephew, James Goodall. She was in Gruver Friday to attend the funeral services. Mrs. Rainey lives on Beacon Road.

Mr. and Mrs. Don Crisp on Goodnight Trail held open-house New Years Eve and entertained about fifty guests from Amarillo and Canyon.

Mr. and Mrs. Don Masterson, Perry, and Phil spent all their holiday visiting with Don's parents, Mr. and Mrs. J. E. Masterson at Estelline and Alma's parents, Mr. and Mrs. E. F. Kindle at Childress.

The Bob Ewing family had a hard time enjoying Christmas after their pet dachshunds were poisoned. This was a heartless thing to do since they had been Christmas gifts as pups several years ago and had become like members of their family. One has died and the other is still critically ill. We can certainly hope that this is not the beginning of a siege of poisoning in our neighborhood.

Letta Jean and Donna Dean Crisp entertained the girls basketball team of Canyon Junior High School with a holiday dinner-dance in their home. They were celebrating their winning runner-up in the basketball tournament at Bushland. There were 49 teen-agers who joined in the gala affair. A slumber party followed for 25 girls who topped off the next morning with a swim in the neighborhood enclosed pool. The girls are daughters of Mr. and Mrs. Don Crisp.

Mr. and Mrs. George Starr and sons Jimmy and Randy of Pavilion, New York, spent a week visiting the L. W. Moul-

ton family. Mr. Starr is Mrs. Moulton's brother. Both families also visited Carlsbad, El Paso, and Juarez so the Moultons could show the Starr family what this end of our country looks like. Both families enjoyed the excitement and travels very much!

Neighbors out east are happy to know they are not going to lose the V. L. Yarbroughs! Mr. and Mrs. Yarbrough recently returned from a trip to Eric, Oklahoma (where previously they had intended to move) and announced they were staying here!

Mr. and Mrs. C. W. Wilson and family have been out visiting again. This time they were in Chickasha, Oklahoma, to see Mrs. Wilson's mother, Mrs. Anna Stumpf.

The H. J. Wheelers have returned from Houston where they have been visiting their daughter and her family, the S. A. Hurd. (Mr. and Mrs. Hurd are ex-Amarilloans) The weather was very cold while the Wheelers were there but the trip was enjoyable anyhow.

Talked with Iva Lee Fowler the other day and discovered they had been away on a short visit. Their visit was to see her mother, Mrs. Kattie Dunn in Lubbock and they also visited with her sister and family, the Edward Shultz.

Mr. and Mrs. V. L. Yarbrough have been on the go---to see his parents, Mr. and Mrs. W. B. Yarbrough of Leedy, Oklahoma and also to visit with Mrs. Yarbrough's mother, Mrs. E. V. Boyer of Elk City.

Dr. and Mrs. Curtis Lyman and son, Bobby, were recent visitors in the Roy Cates home. The doctor (stationed with the Air Force at Topeka Kansas) and his family were through here on the way to see the Sun Bowl game and to visit relatives in El Paso. They returned here for another short visit before the doctor had to report for duty.

Clay Cooper and Buddy Taylor were re-elected to the board of directors of Panhandle Associated Grocers. Bob Bellah was chairman of the nominating committee.

Dewey Hicks (upper left panel), his wife and daughter are shown here leaving the justice court room at Randall County Court house. Hicks had just heard his bond set at \$25,000 each on two counts of murder with malice. He appeared in the justice court of Judge Bill Wilson. Hicks is charged in connection with the early New Year slaying of Joseph Richard Damron, 73 years old, and his son, Joseph William Damron, 44. In the upper left panel is the Damron home at 3316 Kingston Road in South Amarillo where the shooting took place. Note the storm door at the center of the house. It was the focal point of the shooting and probably will figure in testimony at the Hicks trial. In the left hand lower panel is the wife of the defendant. In the lower right hand panel is the Panhandle's Perry Mason, defense attorney George McCarthy of Amarillo.

## New Books Are Listed

Mrs. Chester A. Pierle, head librarian has announced a new shipment of books for the Randall County Public Library.

Adult books are:  
Battle for Bunker Hill.....Richard M. Ketchum  
The Agony and The Ecstasy.....Irving Stone  
The French and Indian Wars.....Edward P. Hamilton  
(one of the Main Stream of America series)  
The Girl Who Was Never Queen.....Mary Main  
Israel.....Robert St. John  
The House at Sunset.....Norah Lofts  
Hawkins-Harold Family.....Mrs. Laura Sokelle  
The Commissioner.....Richard Dougherty  
Tropical Africa.....Robert Coughlin  
Antarctica.....Roger A. Caras

Juvenile books are:  
Princess of Ft. Vancouver.....Evelyn S. Lampman  
Three Little Pigs.....William Pene du Bois  
San Francisco.....Jean Fritz  
A Stage for Rome.....Nancy Faulkner  
The Capture of West Wind.....Rutherford Montgomery  
America's First Christmas.....Hertha Pauli  
Cutlass Island.....Scott Corbett  
Bride of Glory.....Margaret Leighton  
The Shy Stegosaurus.....Evelyn S. Lampman

High School band member or at the auditorium door the night of the concert.

Canyon High School band will offer a performance concert January 28 at 7:30 p.m. in the high school auditorium.

The concert will feature a solo trumpet presentation by Dr. Ted Crager, chairman of the West Texas State College music department and director of the

## AROUND THE TOWN (with kids)

Emily and Shelly Davis went to Dallas over the Christmas holidays. They were going to go to San Antonio, too, but they decided not to. She said she had never been farther south than Dallas.

They also spent the night in Grand Prairie at the home of Bob Allford, former music director of the First Baptist

Church here.

Klaus Schaffer went to Iowa for the Christmas holidays. They had sub-zero weather up there so they couldn't go outside much. He said that there wasn't much to look at but snow.

Danny Briggs had a birthday party Monday. He took his guests, too numerous to name, to the bowling alley where they had cokes and hamburgers and cake. They bowled two lines apiece.

Den 2 Pack 97 were on the radio Thursday, January 3. They were on radio station

KVPH. They saw the Associated Press teletype machine. There is a little piece of tin-sil on the plastic cover to lessen the static. The members of Den 2 are, Mrs. Clifford Prichard, Den mother, Glenn

Sparkman Den Chief, Kent Flynn, Bynum Morris, Johnny Bewley, Gilbert Ray, Neil James, Cody Jones, Clifford Prichard and myself Jamie Martin.

Answer to last week's riddle: Roman Numeral for six.

How can you prove that II and II equal 20?

## CHS Band Concert Scheduled

West Texas College marching band.

The general program by the CHS band will include themes from Brahms 1st Symphony, several marches and selections from Broadway hits.

Admission will be \$1.00 for adults and 50¢ for students. Children under school age will be admitted free. Tickets may be purchased from any Canyon

### by Troy Martin From The CANYON RIM

Last week we received an engraved invitation to the inauguration of John Connally. We didn't expect one and won't be able to attend but we appreciated the consideration.

We will be seeing the Governor the latter part of this month. If the opportunity presents itself, we'll be asking him how he plans to make the Democratic state platform plank, calling for separate boards of regents for such state institutions as West Texas State, a reality.

We have heard numerous complaints that services of a physician, even in emergency cases, are at times not immediately forthcoming at Northwest Texas Hospital in Amarillo.

It is not the fault of the hospital. We are not trying to affix blame. We simply hope that something can be done to remedy the situation.

Northwest Texas Hospital is operated by a hospital district and is a tax-supported institution. Doctors use the hospital facility without charge. We have heard of several cases in which there have been unreasonable delay in getting a doctor on the job at Northwest even in extreme emergency.

We strongly suggest that Amarillo physicians who make up the staff of Northwest ob-

serve duty nights in turn at the hospital. It would not work a hardship on any doctor and emergencies would get immediate attention.

It would seem to us that the physicians, at this crucial point, would have double incentive for making this move. In the first place, every doctor is or should be dedicated to his calling. In the second place, with socialized medicine breathing down their necks, they should be interested in creating a favorable public image.

No better move could be made to serve these two interests than to assure emergency service at Northwest Texas Hospital around the clock.

We fully endorse the decision of the school board to go into executive session to hear the recommendations of principals in regard to hiring of school personnel. At such times information of a very personal nature must be discussed if the board is to arrive at decisions good for the school system.

Members of the board and school principals can talk more freely in an executive session, not open to the public.

However, we certainly feel that all action should be taken in open meeting. Executive sessions should not be abused and should be used only in cases of genuine necessity. We feel that under no circumstances should a vote of the board be taken in a closed meeting.

There are 86 lawyers in the 58th Texas Legislature which

## Change Of Venue

(An Editorial)

When a man is accused of crime in this state the law assures him a speedy trial by a jury of his peers, normally in the county in which the crime was alleged to have occurred.

More and more in recent years, able defense attorneys have sought to remove the trials of their clients away from the scene of the alleged offense.

We believe that the attorneys correctly assume that the peers in the county to which the trial is changed will not be over-endowed with zeal for good law enforcement in the county whence the case came. Thus the defendant has a far better chance of coming clear in a county far removed from the alleged deed.

When a man is accused of crime in this state, Texas throws a mighty shield around him. His rights are protected jealously by the very law he is accused of breaking.

Evidence may be presented against him only in a manner lawfully prescribed. The defendant is obliged to prove nothing and the full burden of proof rests upon the prosecution.

This is wonderful. It is the type of law that makes America the home of the free.

However, never let it be forgotten that the people against whom the crime is alleged to have been committed have some rights too. The offended are entitled to their day in court.

We believe there are cases when a change of venue is absolutely necessary. However, we feel that such a change should be granted only after every means of obtaining a fair and impartial jury has been exhausted.

A person who asks more, asks more than justice.

convened Tuesday. Twenty-two of the senators are lawyers and 64 representatives are members of the legal profession.

We noted in this week's issue of Texas Outlook that Irby Carruth, a former Canyon School Superintendent, is president of the American Association of School Administrators. He will preside over the annual meeting of that group in Atlantic City next month.

Carruth currently is superintendent of Austin public schools and is a relative of Dr.

Paige Carruth, a member of the West Texas State faculty.

We talked to Judge Gene Jordan this week. We've been covering the judge's court off and on since he presided from the Potter County bench almost 15 years ago. Judge Jordan said his docket is hopelessly crowded and he has recommended repeatedly that another court be established to ease the burden.

We talked to members of the Potter County Bar Association last year to see if something (See FROM, Page 4)

by Dr. J. A. Hill

## Hilltop Views

During the Christmas Season I re-read Woodrow Wilson's "The New Freedom." To say that I enjoyed it is to state the fact very mildly. I commend it to both Liberals and Conservatives—in fact to all who love liberty. It is as good an interpretation of the real America as can be found unless excelled by the Declaration of Independence. It is available in paper cover at most bookstores for a dollar or so.

Written before World War I the book is concerned almost exclusively with American domestic problems, particularly our nation's drift toward an economic oligarchy. Mr. Wilson points out that even as he wrote (fifty years ago) great trusts and monopolies had gotten control of our economy and were using it for selfish purposes. The control of credit was passing into

the hands of a few and the little man was being squeezed out of the picture. It was becoming more and more difficult for a young man, or a poor man, or even a middle class man to enter creative enterprise with the hope of success.

If that were true in Wilson's day, what about now? Even farming, which throughout most of the life of this nation, was an individualistic enterprise and which most anyone could enter if he wished, is today becoming a capitalistic vocation. The rapid drift of rural populations to the cities is proof of this.

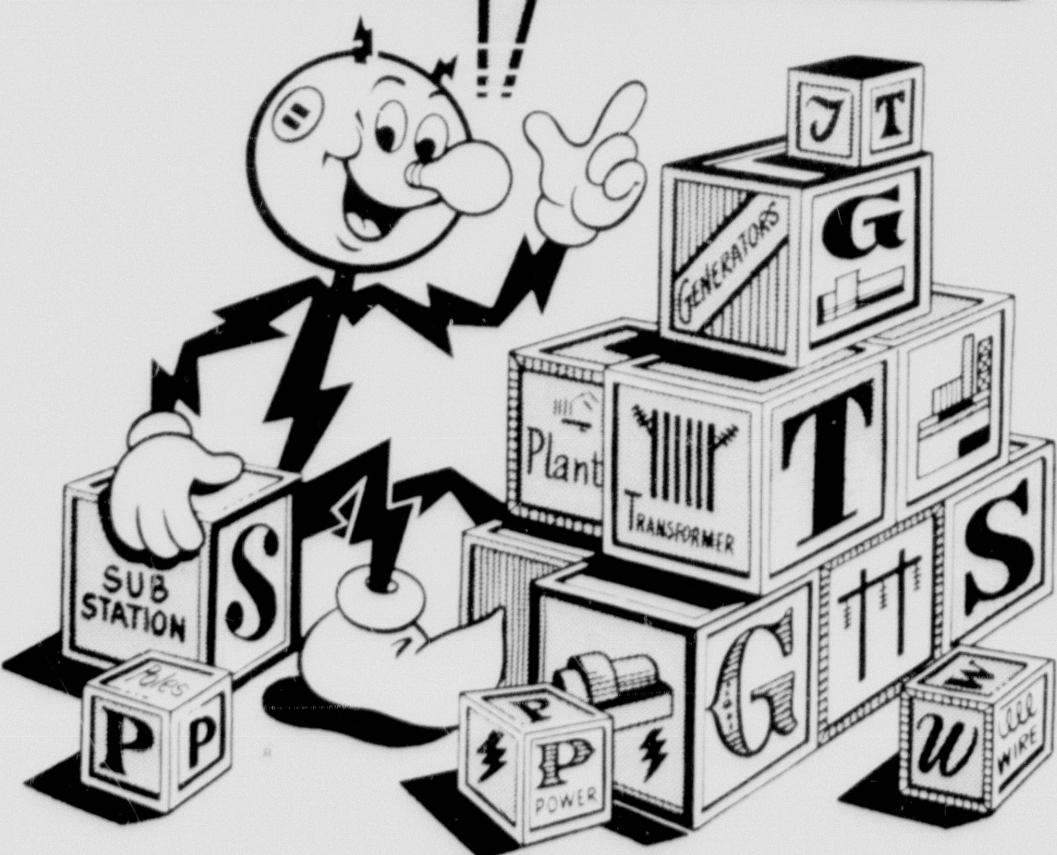

Likewise the medical profession is becoming a capitalist empire. The state of Texas is appropriating thousands of dollars every year for each student that attends one of its medical colleges and then collects in tuition, fees, and other costs other thousands from each student. One result of this situation is the limitation it puts upon opportunity.

These are only two ways that creative ability is being crowded off the boards. Huge trusts and monopolies are building great walls about themselves and their respective fields of operation and thus fencing out competition and controlling prices. Notable (See HILLTOP, Page 4)

Mr. C. F. Rogers and daughter, Gayle, visited in Lubbock and Slaton last Friday and Saturday.

## I'M BUILDING POWER FOR YOUR FUTURE!

24 MILLION DOLLARS WILL BE INVESTED THIS YEAR TO STAY AHEAD OF YOUR ELECTRICAL NEEDS!

It's great to be part of a dynamic, growing area, planning for even greater future growth. That's why Reddy will invest 24 million dollars to insure enough electric power for your homes, businesses, farms and industries. And, what's most important to you, this new investment will keep your electric rates low — your service dependable. You do have one dollar that buys more than ever before — your electric service dollar.

And, every cent of this 24 million dollars

designed to keep your service efficient and economical will come from people just like you — investing their funds in the future of our growing area — proving that free enterprise is capable, and willing, to help Americans help themselves.

## Old Newspaper Relates First Armistice Story

GERMANY FULLY CRUSHED!! That was the headline of a yellowed November 12, 1918 edition of the Amarillo Daily News which was brought into the office last week by Marshall Rockwell, farmer and rancher from Canyon.

The November 12 edition of the Daily News was the Armistice edition. The paper read: "GERMANY FULLY CRUSHED!!" It went on to say: "Wilson (then President of the United States) reads Armistice terms to Congress; America accomplishes all she sought for."

Rockwell, who farms wheat 5 miles north of Canyon, said

he found the early and historic paper when he and relatives were straightening the belongings of his recently deceased father-in-law, I. C. Unsell. Mr. Unsell died at the age of 73.

Rockwell said he found the paper while looking through an old chest of drawers. He said, "I don't think my father-in-law ever threw anything away. He had papers and old bills dating back to the twenties."

The old newspaper soloquizes the victory over Germany by saying: "Victory--and peace. After more than four years of struggling, the rights of mankind are served. The

greatest day in the history has dawned. The German military classes--arrogant beyond expression--are in defeat."

"The kaiser and crown prince are in flight--refugees in an alien country. German kings and potentials no longer hold sway..."

"Deserted by all her allies. Germany, on her knees, is accepting terms of capitulation which amount virtually to abject surrender. Except for the actual hostile military invasion, the once great European power, whose monarch's am-

bition was to dominate over all, paper would make interesting reading, adding that the story Rockwell said he thought the had a familiar ring to it.

## Cub Scouting

Pack 31

Cubmaster Dick Ziegler, invites boys who are at least 8 years old and interested in becoming a cub scout to bring his parents and come to a meeting Jan. 14 at 7:30 in the First Presbyterian Church. This will also be the monthly pack meeting for this group.

Den 2 has been making a Alamo scene from soap bars. Refreshments served by Jack Edwards. This group had a Christmas party for their mothers recently.

Den 7 at their last meeting before the holidays put the finishing touches on gifts they were making. The boys put candles in a miniature brandy snuffer then glittered them. This made very attractive gifts for the mothers. Boys in this den are Richard Fulton, Bruce Crager, Bobby Brotherton, Greg Donnell and Bruce Hendrixson. The boys presented Den Chief Mike Bellah, a gift and Den Mother Mrs. Brotherton gave each boy a Boy Scout Book.

Den 1 had a gift exchange at their last meeting. Den Mother Barbara Wirt, treated the November 15th and are desirous of having this Program in Randall County, your Randall County Farm Bureau would appreciate your signature. Much time and effort have been spent on getting this program into Randall County over the past two years. The number of signatures needed is now very close, and with a little extra effort the Program can be instituted into Randall County.

The annual meeting of Randall County Farm Bureau is soon at hand. Most of the Community Meetings have been set and all members will receive a letter on this. Community Meetings set at this time are as follows: Fairview-Sunny Hill at the Community Building on January 30th at 7:30 p.m.; Umbarger at the School on January 24th at 7:30 p.m.; Lowell at the Community Center on February 14th at 7:30 p.m.; Canyon West Side and Canyon East Side at the Farm Bureau Office on February 1st at 7:30 p.m.; Trigg at the Farm Bureau Office on January 31st at 7:30 p.m.; Park-Stone at the Farm Bureau Office on January 22nd at 7:30 p.m. The Community Meetings elect County Directors from each Community.

It would behoove the members of each Community to attend these meetings in order that they may express through their vote whom they want to represent them on the County Board for the coming year. This is also a good place to raise your voice as to the merits of the Farm Bureau Program, and a good place to meet your neighbors and have a good visit.

be worked and declared a Type II Brucellosis Control Area 75% of the cattle owners rendering cattle for tax purposes must sign the petition. As of this date 274 of the cattle owners in Randall County have signed this petition. The number necessary is 314.

Before the petitions can be processed it will be necessary to have at least 40 more signatures. The 274 signatures now on hand make up more than 51% of the cattle reflected on the tax rolls for 1961. It is not the intent of this column to discuss the merits of this program, but it appears that the majority of cattle owners desire to have Randall County in the Type II Brucellosis Control Program.

It appears the movement of cattle in and out of Randall County will be further hindered as surrounding counties come into the program. Several petitions are still being circulated by Directors of Randall County Farm Bureau, and there is a petition in the Farm Bureau Office at Canyon.

If there are those of you who have not signed a petition since

boys to a hamburger fry in her home. The boys cleaned up the grounds of their sponsoring institution. The First Baptist Church. Den 2 visited radio station KVPB here in Canyon. Each boy was interviewed on the air. The theme for Jan. 15 Freedom Festival and by visiting the station the boys understood freedom of speech.

Den 4 made a trip to Boys' Ranch recently and spent the day on the grounds. A sack lunch was enjoyed at lunch.

Dens 3 and 6 were on Freddy The Fireman T. V. show recently. Den Mothers Sherry Cates and Betty Rusk took the boys.

Den 2 made piggy banks out of bleach bottles, felt and corks. The boys collected can goods for a good will project and gave them to a family. Each boy received a scout tooth brush from the den mother.

Den 5 had a gift exchange and refreshments furnished by Mark Vaughn.

Den 7 opened with a flag ceremony, games were played and refreshments by Rick Vit-titow. The cubs sent a note of appreciation to cubmaster Mack White, Richard Gilham, was the winner of this den's good conduct contest for the past month.

by John Brazzil

## COUNTY AGENT'S COLUMN

On November 15, 1962, Randall County Farm Bureau mailed out a letter to Cattle Owners of Randall County regarding Type II Brucellosis Control Program. The list of cattle owners was taken from the 1961 Tax Roll which listed 418 owners.

The present regulations state that before the petitions are sent to Austin requesting the county

be worked and declared a Type II Brucellosis Control Area 75% of the cattle owners rendering cattle for tax purposes must sign the petition. As of this date 274 of the cattle owners in Randall County have signed this petition. The number necessary is 314.

Before the petitions can be processed it will be necessary to have at least 40 more signatures. The 274 signatures now on hand make up more than 51% of the cattle reflected on the tax rolls for 1961. It is not the intent of this column to discuss the merits of this program, but it appears that the majority of cattle owners desire to have Randall County in the Type II Brucellosis Control Program.

## CC Artist Change Is Announced

Announcement is made this week of a change in artists for the Canyon Community Concert series.

The Ivan Davis piano recital previously scheduled for January 19 has been cancelled; according to Mrs. A. W. Lair, president.

In its stead, another well-known young pianist, Bar Elon of Israeli, will be presented here. Date of his program is March 7. Further information on the musician will be available in the near future.

The Canyon News wants your news. Telephone OL5-2141, or stop by the News office.

The public is invited. The program is the first to be presented by Potter since he joined the WT faculty last fall. Opening his program will be two sonatas by Scarlatti, with a Bach prelude and Fugue in A minor to follow. The Bach selection is a single composition noted for its energetic drive and sustained interest. Closing the first half of the program will be one of the five last sonatas of Beethoven. Concluding the program will be two Chopin etudes and the Chopin Barcarolle, two preludes of Rachmaninoff, and the Prokofiev Third Sonata. A graduate of North Texas State University, where he was a student of Stefan Bardas, Potter received the M. M. degree from Michigan State University, where he studied with Silvio Sciolti. He has appeared as soloist with symphony or-

by Mary Caballero

## KEEPING UP WITH THE ARTS

A most interesting article called "Storybook Kingdom's Treasury of Art" appeared in January McCall's Magazine. With the article are several colored reproductions of paintings that were photographed for the first time with the special permission of His Serene Highness Prince Franz Joseph. The country where this valuable collection is kept is called Liechtenstein meaning "shining stone." The collection of art is the biggest, most valuable private art collection in Continental Europe. Paintings are by Leonardo da Vinci, Botticelli, Rubens, Van Dyck, Rembrandt, Brueghel, the Younger, Memling, and Raphael and others equally as famous as these mentioned. The history of this unusual collection started in 1410, before Columbus was born. The Liechtensteins were so intent on collecting that they sent their dealers and agents in search of paintings and wouldn't let Kings stand in the way of obtaining the painting they were seeking to own. There are 2,300 paintings in the Vaduz castle. Prince Franz Joseph and his wife, Princess Gina live in Vaduz and have opened the art galleries to the public. An interesting fact about Liechtenstein is that it is a small area of 65 square-mile area. The 15,000 population is almost outnumbered by livestock. There is no need for an army (which seems rather unusual these days), and the government sometimes prints an edition of stamps that causes money to pour in from stamp collectors all over the world, therefore keeping the country free of debt. McCalls's did a lovely job in showing some of this collection in beautiful color prints. It's such a relief to read about the very pleasant existence this very small country must enjoy. When reading the article, I wondered why the title for Prince Franz Joseph was His Serene Highness instead of His Royal Highness, and although I do not know the answer to this question, I feel that the word "serene" sounds more like the life that this article tries to paint of the country of the Liechtensteins.

## WT Prof Authors Article

A West Texas State College professor proposes the teaching of a unit of economics in high school history courses as one method of placing economics in the school curriculum. Dr. Dan Selakovich, associate professor of social studies at WT, makes the proposal in an article in "The High School Journal," published by the University of North Carolina Press. His article is in answer to concern by national leaders over the lack of economic education in the public schools. Dr. Selakovich writes that criticism is justified in that treatment of economics is at a minimum in any high school courses. He says that an additional required course is impractical, and proposes that a unit be taught in American history courses. A skeleton unit in economics used by one of Dr. Selakovich's student teachers at WT is incorporated into his article, along with a short bibliography of materials to be used with the unit.

## Area Man's Rites Held At Norton

Funeral services for Richard Fender Stubblefield, 52, of Happy, were held in the First Methodist Church in Norton, Texas, Sunday, January 6, at 2:30 p.m.

Rev. Travis LaDuke, minister of the First Baptist Church of Happy, conducted the services, assisted by Rev. Lope, First Methodist Church of Norton, and Rev. Pierce, First Baptist Church of Norton. Burial was in Bronte Cemetery in Bronte, Texas.

Mr. Fender died Friday, January 4, at Amarillo Osteopathic Hospital. He was born September 21, 1910, at Bronte, and was married there in 1932.

He moved from Norton to Happy in 1949, and was a farmer before retiring. He was a member of the Presbyterian Church. Pallbearers were J. W. Hendrix, Dee Busher, J. C. Carter, Huck Demore, Edd Turner, and Hershel Magness.

Relatives include his wife, Una Louise; two daughters, Mrs. Fred Carter of Amarillo, and Mrs. Harold Caraway of Tulsa; one son, Duane, of Happy; one brother, Walter, of Happy; five sisters, Mrs. Harvey Newsom of Wayside, Mrs. Nellie Stone Cope of Happy, Mrs. W. A. Inman of Norton, Mrs. M. M. Cope of Norton, and Mrs. Marvin Turner of Norton; and five grandchildren.

Mr. and Mrs. J. V. Martin visited relatives in Bailey County through Christmas. They were guests of the Robert Kinle family at Maple.

Bill May, maintenance employee for West Texas State College seems to enjoy the installation of more than 100 civil defense fallout shelter signs. May is installing a sign at the east entrance to the college administration building.

there will be a shelter manager who will be responsible for placing persons seeking refuge and rationing out the survival supplies.

## Shelters Stocked

Public fallout shelters are becoming a reality in the Canyon area as workmen put up signs and stock the shelters with survival goods.

Canyon area fallout shelters, under the guidance of the national civil defense program are becoming a permanent part of the Canyon way of life as final stages in stocking and identification of the shelters is completed.

Canyon city firemen and West Texas State College maintenance men Monday, were in the process of installing nearly a hundred signs on the various area buildings that have been designated as public fallout shelters.

In addition to the identification of the shelters, they will soon be stocked with newly arrived survival goods supplied by the national civil defense office in Washington, D. C.

Joe Rice, Canyon city fire captain, said the shelters will be identified by a large civil defense sign outside the main entrance or entrances to each shelter. This sign will have the civil defense emblem and will state how many persons the shelter is capable of protecting.

Inside the entrance to each shelter will be smaller civil defense signs pointing the way to the actual shelter areas which usually are located in the basement of the buildings.

Rice added that in the event of actual use of the shelters, there will be a shelter manager who will be responsible for placing persons seeking refuge and rationing out the survival supplies.

Mr. and Mrs. George Hill and son, Eugene, spent the Christmas holidays in Lansing, Michigan, visiting their daughter, Mrs. B. R. Guild. They were joined there by another daughter, Joyce, who is a Methodist missionary in Buenos Aires, Argentina. She returned home with her parents, and visited in Canyon for a week.

After visiting in Lubbock for several days, she will attend a conference in Mexico City, and then return to Argentina.

The T. G. Hulls visited in San Antonio during the holidays with Mrs. Hull's parents.

## Prairie Wildlife

RECREATION  
Yours and Mine

It has been said that we are building a nationwide network of superhighways--leading from one congested area to another--with posted land inbetween.

This week and next, we will devote Prairie Wildlife to a subject that will shortly be on the minds of everyone in the Panhandle. The pursuit of outdoor recreation.

Contrary to being out of the scope of Prairie Wildlife, we feel that the subject of outdoor recreation is of vital concern to the very future of Panhandle hunting, fishing and conservation as well as just plain fun.

We are going to discuss what recreation is, how recreation affects us, recreation trends, where to recreate in the Panhandle and what our recreation needs are going to be.

What Is Recreation?  
Recreation can be described as any activity that we do for fun and not profit. It is that simple.

Some people hunt, some fish. Others play the violin or cards--it is all recreation.

Primarily, outdoor recreation takes in all the outdoor sports: hunting, fishing, boating, watersports, etc. The Facts

In the Panhandle today, there are more people who live and work closer together, who have more time and money--and a greater desire to spend both, and we have more and better roads and bigger and faster cars to get to the places where they can spend their excess time and money.

Increased Recreation Pressure  
"...who live and work closer together..."--That's an important phrase here. Two's company, three's a crowd.

A lot of words--and they spell out what the professionals call "increased recreational pressure."

The farmer who lives with his family in a rural area probably doesn't feel intense need for outdoor recreation--

But consider Joe Sportsman, the man who lives in apartment 210-B on the 43rd block of the Contemporary addition in the big city. He feels it. Plenty.

Come Friday afternoon, he and his family are fairly itching to get out of town--hunting, fishing, water sports--it really doesn't matter as long as it's relaxing.

The whole family needs a safety valve as do thousands of other families just like Joe Sportsman and his brood.--Increased recreation pressure. Where To Go?

The next question is where does the Panhandle family go in search of outdoor recreation? What activity is available that will serve as an outlet for excess energies and emotions? Buffalo Lake?

Have you ever tried to swim or fish in Buffalo Lake in the hot summer time when thousands of other families have the same idea. Kind of crowded isn't it?

Palo Duro Canyon State Park  
Pretty nice place. Picnic and camping tables with cooking grills, a modern tile restroom with showers, paved road, concession stands.

Even though 60% or more of outdoor recreation is centered around water recreation areas--and Palo Duro Canyon has no recreation water--the park remains a very popular place. It catered to more than

160,000 people between September of 1961 and August of 1962. --But here is the bone in that pile. Even though the park has some 15,000 acres of recreational area, only five or six hundred acres of this is developed to where people can use it.

There is only one modern restroom in the whole park (for 160,000 visitors?), no recreation water, only two places in the canyon where visitors can get drinking water (one of which is a hillside spring) and the camping and picnic facilities in the park are wholly inadequate for the crowds of recreation minded visitors.

We hasten to say, however, that the Texas State Parks Board is preparing plans for the proper development of this scenic recreation area in the heart of the Panhandle. Canadian Reservoir

Where else can Panhandle people go for outdoor recreation? The Canadian reservoir will be completed in a few years--a boon to recreation minded Panhandle people--if they can get to the water. That may not be as silly as

It sounds. It takes roads, parking spaces, boat ramps, beaches to swim from, concessions, etc. In short, development--before the public can "get to the water" and get any recreation out of it.

Of what benefit would a big lake be to the general public if there were thousands of boaters, fishermen, water skiers, etc., per day, all trying to gain access to the lake through one or two over-crowded boat ramps?

Without adequate development, it would be a mess. If the reader thinks we are spitting out windy phrases, we suggest he visit any of the Texas State Parks that have lakes--such as Lake Whitney State Park on Lake Whitney, Eisenhower State Park on Lake Texoma or Caddo State Park on Caddo Lake.

They have little or no development and they are all over-loaded during the summer months when lake fever is high in Texas.

We put it this way so that the reader won't take it for granted that the construction of the Canadian Reservoir is a guarantee of public access to the new lake. It isn't. No Access

Our reasoning is as follows: The authority that is building the reservoir will probably reserve recreation areas on the lake for public use. These areas will probably be made available to government agencies (Texas State Parks Board, county and city) on a long-term \$1 a year lease basis with the stipulation that the receiving agency develop and maintain the area for public recreation.

Every year in Texas, dozens of new recreation areas on new (and even old) reservoirs are offered to these government agencies as public parks.

The MAJORITY of these recreation areas are either turned down or returned to the reservoir authority without their ever being developed as parks. Reasons for the reversals range from lack of funds to lack of interest and foresight, or a combination of all three.

Thus--no development, no maintenance--no recreation area--no access. The proffered recreation areas are sold to the general public and subdivided until all hope of a general public access area is lost. Only One

In effect, there is only one good outdoor recreation area in the Panhandle--Palo Duro Canyon State Park. This one area with 15,000 acres of usable recreation land, only five or six hundred acres of which is developed, has to serve the outdoor recreation needs of more than 450,000 Panhandle citizens. That amounts to about 750 persons per acre in that park.

Of course there are other recreation areas in the Panhandle beside Palo Duro Canyon State Park. If anyone knows of another "recreation area" in the Panhandle with camping and picnic facilities, modern restrooms paved roads, etc., we wish they would come tell us about it. We would like to "retreat" there.

The fact remains that this one recreation area has to share the major outdoor recreation load for 450,000 people. It does pretty good too! It takes care of a good 36% of them.

Okay. We have outlined what recreation is, how it affects us and we have lightly skidded over the outdoor recreation potential in the Panhandle.

What we failed to emphasize is the rapid increase in Panhandle population. If our information is correct, Randall County is the fastest growing county in Texas.

It is a fact that as the population increases, the "recreation pressures" also increase, but way out of proportion to the population increase.

It has been said that a 10% increase in population results in a 100% increase in recreation pressure.

There are about 450,000 people in the Panhandle at the present time, excluding Lubbock. Less than ten years from now, that figure will skyrocket to unbelievable heights. The need for recreation will go even farther out of sight.

What Needs to be Done?  
The need is simple enough. If the people of the Panhandle are to retain their safety valve--outdoor recreation--they must reserve land for future (not to mention present day) needs--before it becomes unobtainable at any price.

We need to think ahead to the day when all the nearby farm lands are used for residential development; to the time when population densities in the Panhandle are such that simple space is at a premium, and to the day when our systems of roads and highways cover more ground than they lead to.

"We are building a nationwide network of superhighways--leading from one congested area

to another."

With posted land inbetween. Can you imagine buying land for outdoor recreation after housing development or shopping center has been built on it? Pretty expensive.

The fact is that urban development is rapidly eating up all available lands around cities and towns that would be suitable for outdoor recreation.

What's that? You say there is plenty of land. Nothing to worry about. They said the same thing about the buffalo. Where did they all go?

Okay again. How to go about securing land for outdoor recreation and to follow through on its development?

There are two approaches to the problem. One is to get the already overloaded state government to play sugar-daddy and do the job for us--or individuals, groups, cities and counties, can do it themselves. An Investment

Consider outdoor recreation as an investment--a pleasureable one and a profitable one--money-wise.

An East Texas chamber of commerce promoter once said that a tourist is worth a bale of cotton--and a heap easier to tick!

Most chamber of commerce folk don't like to phrase it that way but it gets the point across.

The personal and economic value of outdoor recreation will be the subject of next week's Prairie Wildlife column. See you then.

(EDITORS NOTE: The writer is the past director of interpretation for the Texas State Parks Board, has traveled the entire state and has researched and written various official state reports and articles on recreation, tourism and wildlife in Texas.)

## Fire Department Job On Increase

Canyon volunteer fire department answered 151 fire calls in 1962, according to City Fire Department records.

The breakdown of the types of calls for 1962 includes 77 city fire calls and 66 county fire calls. The county reimbursed the city for the 66 county fires at \$100 per call or \$6,600.

Use of the fire department's new Emergency Unit accounted for 8 of the calls since September when the unit was put into operation.

A breakdown of total fire de-

partment calls, including city and county, includes 77 grass and trash fires, 16 car and truck fires, 10 barn fires (in the county), 3 major building fires and 45 miscellaneous calls.

City officials list the total fire loss for the city at \$43,517.36. They said the White Auto Store fire loss last summer accounted for \$30,168.73 of the total fire loss.

Fire loss in the city other than the White's Auto Store totaled \$13,348.63 for 1962.

Canyon fire department answered more fire calls during 1962 than in 1961, both city and the Callis of Miller City, Mrs. Anna Mae Wright of McClure, Illinois; Mrs. Nellie Wright of Dupon, Illinois, and Mrs. Rhea Sanford of Canyon; and three brothers, Miles of Edwardsville, Illinois, and Louis and Harley Jo, both of East St. Louis, Illinois.

## Waterman Services Are Held

Ernest Read Waterman, a brother of Mrs. Wayne Sanford of Canyon, died Friday, January 4, in Amarillo. He was 39.

Mr. Waterman was born April 20, 1923, in Miller City, Illinois, and moved to Amarillo six years ago from St. Louis, Missouri. He lived at the Palo Duro Hotel, where he was employed as a cook. He was a member of the Assembly of God Church.

Services were held Tuesday, January 8, at 1:30 p.m. in the Berbling Funeral Chapel in Cairo, Illinois. Burial was in Bumbard Cemetery at Miller City, Illinois.

Relatives include his parents, Mr. and Mrs. Miles J. Waterman of Cairo, Illinois; five sisters, Mrs. Stella Rogers of Miller City, Illinois, Mrs. Mar-

county. There were 77 city calls and 66 county calls in 1962 compared to 66 city calls and 42 county calls in 1961.

## Z.J. Steen Is Claimed By Death

Zerril Jackson Steen, 90, of 710 Fourteenth Street, Canyon, died at his home January 3.

He was born December 27, 1872, in Denton County, Texas, and moved to Canyon 16 years ago from Hereford. After the death of his first wife, Annie, he married his second wife, Mary, in Graham, Texas, in September, 1922. She preceded him in death in August of 1962.

Mr. Steen was a farmer-rancher, and was a member of the Calvary Baptist Church of Canyon.

Services were held in LaGrone Funeral Chapel Friday, January 4, at 2 p.m. by Dr. Strauss Atkinson, First Baptist Church of Canyon. Another service was conducted at the Morrison Funeral Home in Graham on Saturday, January 5, at 2 p.m. by Rev. Hubert Foust. Burial was in Oak Grove Cemetery in Graham.

Relatives include two sons Sam of Likely, California, and Todd of Canyon; four daughters, Mrs. Faye Walberg of Portales, New Mexico, Mrs. Ella Stephenson of Perryton, Texas, Mrs. Margaret Oaks of Houston, and Mrs. Catherine Braley of Houston; one brother, W. H. "Bill" Steen of Canyon; two sisters, Mrs. C. S. Terrell of Graham, and Mrs. Jewell Norman of Amarillo; seven grandchildren; and ten great-grandchildren.

## Mormons Elders In Canyon

Two representatives of the Church of Jesus Christ of Latter-Day-Saints are in Canyon doing missionary work for their organization.

They are Fredrick Williams and Paul Davis. These young men are former students at Brigham Young University. They bear the title of elder and have served six months of a 14-month stint as missionaries.

## CANYON BUSINESS REVIEW and BUYER'S GUIDE

Taylor-Evans can fill every fertilizer need of both the dry land and irrigated farmers. Taylor-Evans has the newest, latest and best equipment for giving the farmer the best results with the application of anhydrous ammonia.

Taylor-Evans take the responsibility of getting the ammonia to the farmer's hand, putting it on the crops and showing the farmer how to apply it.

They have custom applicators which make the application easier and faster for the farmer. They furnish everything and the farmer doesn't have to worry about anything.

All 1,000 gallon trucks owned and operated by Taylor-Evans have vapor pumps. After filling the tanks, the men at Taylor-Evans deliver the ammonia to the turn row and hook the rigs up for the farmer.

"We can fill a tank in about 20 minutes," says Virgil Slentz. The only thing the farmer has to do is furnish a tractor and driver and Taylor-Evans will hook up the equipment and show the driver how to operate it. All this service is available for no extra cost.

And after the ammonia has been applied the results speak for themselves.

Since this is the time to use anhydrous ammonia, Taylor-Evans invites you to come in and inquire about their credit plan...and do it now.
